

***WE ARE LOOKING FOR HUMANS**

At b2 it doesn't matter if you are female, male or diverse, where you come from, what skin color you have or what you believe in.

Our focus is on mutual respect and appreciation.

That is why we are looking for humans!

It is important that you are passionate about your job and fit in with us!

Join the b2 team

TEST TECHNICIAN (Human*) **for High Voltage Test Systems**

Annual minimum salary according to collective agreement. The actual salary is above the CA & depends on professional qualification & experience.

Your tasks:

- Assembly and testing of electronic devices
- Calibration and final testing of high voltage test systems

Requirements:

- Completed technical education in the field of electrical engineering or electronics (Apprenticeship, technical school, HTL or comparable training)
- Technical understanding and manual skills
- Accuracy and quality awareness
- Initiative
- Very good MS-Office knowledge

We offer you a modern working environment with state-of-the-art tools and a motivated, dynamic team. Trust and knowledge sharing are values on which our company is built. High voltage is with us guaranteed!

All this sounds like a job that is made for you?
Then we are looking forward to your job application!

Apply now!

We are an innovative and expanding high-tech company whose products ensure secure energy networks worldwide. Customers in more than 120 countries value our solutions for testing and diagnostics of medium voltage cables. Trust, respect and fairness have characterized our cooperation for over 20 years.
